PRESS RELEASE

April 8, 2016

Water Park Receives Repairs

McPherson – The McPherson Water Park will undergo repairs beginning April 25. The work is in response to findings from a routine diagnostic inspection. Various leaks were discovered and will require repairs to the splash pad system, lazy river and heater. Concrete repair and deck replacement will also be required. All repairs will be completed before the Water Park's scheduled open date on May 30. The Water Park is a popular summer venue for residents and visitors. Highlights include an eight lane 50-meter pool, 500-foot lazy river, 188-foot water slide, deep diving area and a children's spray recreation area.
